Ok. we can make it happen tomorrow. Not a problem—assuming derrick can work his usual magic!

Nancy I haven't seen where Charlotte has responded so you should take this meeting on Monday with OPPT.
Background: Nancy you asked for TA on the asbestos request before scheduling a briefing/meeting with the Hill earlier. We also have since had a TA request for TRI.
On Thursday Charlotte asked Mark provide both TAs before calls were scheduled with the hill.
Below, Han's is responding with a request for a meeting tomorrow. We are late in responding with TA for sure on the asbestos one and Sven is getting pinged from the Hill. He does want to have the asbestos call so as to be as responsive as possible at this point. Now the Hill wants to talk TRI TA on Tuesday.

Subject: RE: Capito TA request on TRI and PFAS bill and Couri Request on Asbestos

Hi Charlotte,

TRI

We requested a meeting with you on this to be set up on Monday as Capito's staff just requested that we have a meeting on Tuesday to discuss their request. Understand that you are out on Monday so I requested a meeting on Tuesday but haven't heard back from Derrick yet. TRI folks have done some

initial written TA but would like more information on how to best target their TA before sending anything forward through the review chain.

Asbestos

On hold pending a scoping meeting with Couri to better understand how to focus out TA/best meet his needs for this bill. As background, the bill Couri sent is an opposition bill and is not his bill. The program feels a scoping call is needed to better target our response to ensure we are able to provide something that best meets Couri's needs.

Thanks,
Hans

Subject: FW: Capito TA request on TRI and PFAS bill and Couri Request on Asbestos

Thanks. What's the timing of providing TA for each? I know we spoke briefly today about OPPT having calls with the hill on each. We should talk about them before those calls.

Subject: Capito TA request on TRI and PFAS bill and Couri Request on Asbestos

Hi Charlotte,

As follow-up to the OPPT general, attached are the draft bills for which we have TA requests. The first two are TRI for PFAS and were sent by Shelley Capito of WV, the third attachment is an asbestos ban draft bill from Jerry Couri of House Energy and Commerce. Jerry also asked us about our knowledge of uses of asbestos and we would like to send him the links below to the problem formulation and the asbestos SNUR draft which both characterize our knowledge on asbestos uses.

Asbestos Problem formulation:

https://www.epa.gov/sites/production/files/2018-06/documents/asbestos_problem_formulation_05-31-18.pdf

Asbestos Proposed SNUR:

<https://www.epa.gov/sites/production/files/2018-06/documents/epa-hq-oppt-2018-0159-0001.pdf>

Please let me know if any questions.

Hans
